

**PLAIN TRUTHS**

building from completing the same within the time specified in the contract. The board of regents, at their late meeting, made arrangements for completing and furnishing the basement rooms, and several of the large rooms of the first story, in time for occupancy and use of the university on the fifteenth of September. They have also got permission from his excellency, the governor, and also the commissioner of statistics, who has charge of the public state building, to use, for the university, the chamber of the senate and the hall of the house of representatives, when they shall not be needed by those bodies, respectively. The judge of the high courts have also generously tendered to the professor of the law department of the university their court rooms, until proper rooms shall be made ready in the university building.

Suitable furniture of excellent manufacture, ordered from the large house of Andrews & Co., of Chicago, the regents have been assured, will be in Austin in time to be in place for use on the opening of the university.

The apparatus and material and general equipment for the department of chemistry and physics, ordered and selected by Professor Mallet, will be on hand in Austin at the opening of the university.

After most careful advisement, the board of regents unanimously decided to change the requirement in their preliminary announcement, which fixed the age for the admission of young women to the university at not less than seventeen years, and to place the same at sixteen years, establishing the same age for students of either sex.

The time fixed for the opening of the university draws nigh, when instructions in the several departments under the eight professors will formally and practically commence. The regents cannot contemplate without solicitude the launching into action of the university of Texas, an institution of the first-class in the full sense of the phrase; an institution fraught with gigantic, never ending blessings for Texas—blessings on all our people in their dearest worldly interest and for all time to come; and they are cheered by the reflection that everything looks auspicious for a vast measure of triumphant success.

In closing this memorandum it may not be out of place to state that the regents have, in all their actions, conformed strictly to the requirements of the constitution of the state, and to the laws relating to the university. A full record has been regularly kept of all their proceedings, which record, as well as every act of the regents, has been thrown open to the world, to every individual, be he a stranger or citizen, without the least delay or the least hesitation. The regents have found that there has unavoidably devolved on them an amount of labor with a consumption of time very much greater than would be readily suspected. These labors and these encroachments on their time have compelled several gentlemen appointed as regents eventually to resign, as interfering materially with their respective private business, an office without salary or emolument, and of which the actual expenses exceed the reasonable expenses allowed by law.

The people of Texas determined to establish a university of the first class, one worthy of the lofty aspirations of their imperial state, an institution which shall bring the fountains of all knowledge, and the power which springs therefrom, within the reach of its humblest child. The obstacles to the organization of such an institution are very great, the labors are difficult. The regents of the university, in their work, have perfect confidence in the generous justice of the goodly state of Texas.

ASHBEL SMITH, President of the Board of Regents of the University of Texas.

Note. Austin, August 25.—The sickness of the gentlemen having charge of the work on the university, the death of a sub-contractor, and the strike of the masons have retarded a few days the progress of the work. Everything is now proceeding favorably, and the building will be completed with the least possible delay. In the meantime, some arrangements have been made, and others will be made, for securing rooms for the use of the faculty and students of the university.

**IMPORTANT AND TRUE.**—Impure blood causes disease and decay no matter what part seems to be the seat of the disease—liver, kidney or brain—then how to cure it is to purify the blood with Acker's Blood Elixir. Sold by L. N. Brunswig & Co.

**PLAIN TRUTHS**

The blood is the foundation of life, it circulates through every part of the body, and unless it is pure and rich, good health is impossible. If disease has entered the system the only sure and quick way to drive it out is to purify and enrich the blood.

These simple facts are well known, and the highest medical authorities agree that nothing but iron will restore the blood to its natural condition; and also that all the iron preparations hitherto made blacken the teeth, cause headache, and are otherwise injurious.

Brown's Iron Bitters will thoroughly and quickly assimilate with the blood, purifying and strengthening it, not drive disease from any part of the system, and it will not blacken the teeth, cause headache or constipation, and is positively not injurious.

**Saved his Child.**

17 N. E. St. Baltimore, Md. Feb. 12, 1883.

Gents:—Upon the recommendation of a friend I tried Brown's Iron Bitters as a tonic and restorative for my daughter, whom I was thoroughly convinced was wasting away with Consumption. Having lost three daughters by this terrible disease, under the care of eminent physicians, I was loath to believe that anything could arrest the progress of the disease, but to my great surprise, before my daughter had taken one bottle of Brown's Iron Bitters, she began to mend and now is quite restored to former health. A fifth daughter began to show signs of Consumption, and when the physician was consulted he quickly said "Tonics were required," and when informed that the older sister was taking Brown's Iron Bitters, responded "that is a good tonic, take it."

ABRAHAM PHILIPS.

Brown's Iron Bitters effectually cures Dyspepsia, Indigestion and Weakness, and renders the greatest relief and benefit to persons suffering from such wasting diseases as Consumption, Kidney Complaints, etc.

**HOSTETTER'S**

In fever and ague districts, in tropical and other regions, visited by epidemics and ordered in all localities where the conditions are unfavorable to health, this famous vegetable invigorant, Hostetter's Stomach Bitters, has been found a potent safeguard even to feeble constitutions, inveterate indigestion, and fragile frames, while as a care for indigestion, biliousness and kindred complaints, it is without a rival. For sale by all Druggists and Dealers generally.

**Witthoff's Fever and Ague Tonic**

A warranted cure for all diseases caused by malarial poisoning of the blood, such as Chills and Fever, Fever and Ague, Sun Pains, Dumb and Masked Ague, Third-day Ague, Sinking Chills, Intermittent, Remittent, Bilious and all other Fevers caused by malaria. It is also the safest and best cure for enlarged Spleen (Fever Cake), General Debility and Periodic Neuralgia.

**KENDALL'S SPAVIN CURE**

The most successful remedy ever discovered, as it is certain in its effects and does not blister. READ PROOF BELOW.

**SAVED HIM 1,800 DOLLARS.**

ADAMS, N. Y., Jan. 30, 1882.—Dr. R. J. Kendall & Co. Gents:—Having used a good deal of your Kendall's Spavin Cure with great success, I thought I would let you know what it has done for me. Two years ago I had an speedy a colic as was ever raised in Jefferson county. When I was breaking him he kicked over the cross bar and got fast and tore one of his hind legs all to pieces. I employed the best harness maker in the county, and he sold me a new harness, but they all said he was spoiled. He had a very large thorough pin, and I used two bottles of your Kendall's Spavin Cure, and it took the bunch entirely off, and he sold for \$1,800 (dollars). I have used it for bone spavins and windgalls, and it has always cured completely and left the leg smooth.

It is a splendid medicine for rheumatism. I have recommended it to a good many, and they all say it does the work. I was in Warrington & Kendall's drug store, in Adams, the other day, and saw a very fine picture you sent them. I tried to buy it, but could not; they said it would write to you that you would send me one. I wish you would, and I will do you all the good I can.

Very respectfully,  
E. S. LYMAN.

From the Akron Commercial, Ohio, of Nov. 25th, 1882.

Readers of the Commercial cannot well forget that a large space has for years been taken up by Kendall's advertisements—especially of a certain Spavin Cure. We have had dealings with Dr. Kendall for many years, and we know of some large business houses in cities near by, who have also dealt with him for many years, and the truth is fully and faithfully proven, not only that he is a good, honest man, and that his celebrated Spavin Cure is not only all that it is recommended to be, but that the English language is not capable of recommending it too highly.

Kendall's Spavin Cure will cure spavins. There are hundreds of cases in which it has been proven to our certain knowledge, but, after all, if any person doubts the usefulness of this celebrated medicine to curing spavins alone, they make a big mistake. It is the best medicine known as an external application for rheumatism in the human family. It is good for pains and aches, swellings and lameness, and just as safely applied to men, women and children as it is to horses. We know that there are other good liniments, but we do believe this spavin cure to be far better than any ever invented.

**Kendall's Spavin Cure.**

FORT WORTH, TEXAS, March 12, 1883.

Messrs. R. J. Kendall & Co.—About 8 months ago there was a valuable stallion brought to the stable of Farnes and Henry to be treated for a bone spavin which was one year's growth and of pronounced size, and having learned through outside sources that your liniment was Kendall's Spavin Cure was valuable, I commenced using it on the enlargement, and after six weeks using and having applied two bottles the horse was cured entirely, leaving the leg perfectly smooth.

CHARLES HENRY.

**KENDALL'S SPAVIN CURE**

On Human Flesh.

It has been used in thousands of cases on human flesh with such wonderful success that we now feel certain it is the best liniment known for man, as it has sufficient strength to penetrate and virtue to cure the worst cases, which are not affected in the least by ordinary liniments, and yet it does not blister or cause a sore.

Very truly, August 12, 1881.—Dr. R. J. Kendall & Co. Gents:—Sample of circulars received to-day. Please send me some with my liniment, printed on one side only. The Kendall's Spavin Cure is in excellent demand with us, and not only for animals, but for human ailments also. Mr. Jos. Voria, one of the leading farmers in our county, sprained an ankle badly, and knowing the value of the remedy for horses, tried it on himself, and it did far better than he had expected. Cured the sprain in very short order.

Yours respectfully,  
C. O. FRIERLAND.

Price \$1 per bottle, or six bottles for \$5. All druggists have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors, DR. R. J. KENDALL & CO., Enosburgh Falls, Vt. Send for illustrated circular.
